

Jennewein Biotechnologie GmbH is a leading producer for rare monosaccharides and oligosaccharides for applications in nutritional, pharmaceutical, and cosmetic products. Our core competence lies in the large-scale production of rare carbohydrates, using synthetic biology approaches in combination with our pioneering work in commercialization of biotechnology products world-wide. Our ambitions are no less than bringing products obtained by biotechnology into the market, to the benefit of people and their health and well-being. Key to this is the successful market approval of our product world-wide. Jennewein Biotechnologie was first to file an EFSA Novel Food application for a food product manufactured by using a recombinant bacterial processing aid.

For an immediate start we are looking for a:

Colleague in Quality Control, with a focus on HPLC (m/f/x)

Tasks and responsibilities

- Execution and analysis of analyzes for product release (including HPLC / HPAEC-PAD, water content, protein content)
- Regular sample shipment to external laboratories for additional analysis
- Analysis of intermediates and process samples (HPLC)
- Sampling and execution of environmental monitoring in the production area
- Storage of analysis-related data

Desired Candidate profiles

- Bachelor / Master in Life Sciences / Chemistry or Training for CTA or Chemistry Lab Assistant or comparable
- Professional experience with a focus on HPLC is required
- Advantage: knowledge in HPAEC-PAD, ideally in sugar analysis
- Optional: water content determination (Karl Fischer titration), protein determination
- Extremely careful, accurate and conscientious working method
- Professional experience in quality control is an advantage
- Independent, structured and solution-oriented work
- Commitment, strong communication skills and team-oriented work
- Comfortable using MS Office
- Good English language skills

We offer

- An exciting, scientifically challenging and highly international work atmosphere
- Extensive training on the job
- Permanent positions with long-term perspectives
- Highly competitive salary

We offer a growth-oriented and dynamic environment with exciting tasks and active participation opportunities. Have we piqued your interest? Then we look forward to receiving your complete application (by e-mail) to career@jennewein-biotech.de.
